Dear Honorable Governor Sununu,

As the governing body of the City of Lebanon, our Council has been following with great interest the recent discussions regarding "voter fraud" in New Hampshire. All of our cities and towns, including Lebanon, take great pride in the integrity of our elections, and the way in which they are managed by a combination of municipal employees and dedicated volunteers.

The accusations made by the President and members of his staff were extensively covered in the press, and are now known nationwide. They reflect very poorly on our state, and deserve serious attention.

We urge you to thoroughly investigate them and, if found baseless, to request that the administration retract its comments. Experience tells us that if this matter is not brought to resolution, the taint of corruption will remain in people's minds, with adverse impacts to our State and its reputation.

Sincerely,

Mayor Georgia Tuttle, MD
On behalf of the Lebanon City Council
